

Fit For Summer?

A Gift for you....

Someone cares about you and your health. Have you ever thought about the demands upon us as the summer sets in? Are you, your family and friends prepared for the summer holidays, more gardening, looking after the kids during the summer break, excursions, the heat and the aches and pains that go with it? Many of us go through life living with headaches, back pain and stiffness. Frequently people say 'I have normal headaches' 'it's my job' "it's just stress". **At our clinics we know pain is not normal.** We specialise in restoring your health and pain-free living. You deserve to live life to its fullest without pain and discomfort.

This summer, we are devoting our time to determine if you too can find a better life with the help of chiropractic care. We are offering a thorough chiropractic examination for **only £19**. This evaluation includes a consultation, orthopaedic, neurological and chiropractic examination as well as spinal x-rays if needed and a personal report of your findings. This evaluation will let you know how your body is coping with the physical, chemical and emotional stresses of life. After your examination we will meet with you to personally discuss options of care available to either restore or improve your health.

Call now and make the first step towards better health. When you make your appointment, please let our receptionist know that you have a Summer Gift Certificate, and bring it along with you when you come. **Don't wait!** This opportunity expires on 31st July 2009!
