CONSENT TO CARE

A patient coming to the doctor gives him/her permission and authority to care for the patient in accordance with appropriate tests, diagnosis, and analysis. The clinical procedures performed are usually beneficial and seldom cause any problem. In rare cases underlying physical defects, deformities or pathologies, may render the patient susceptible for injury. The doctor, of course, will not provide specific healthcare, if he/she is aware that such care may be contraindicated. It is the responsibility of the patient to make it known or to learn through health care procedures from whatever he/she is suffering from: latent pathological defects, illnesses, or deformities which would otherwise not come to the attention of the physician.

PAYMENT POLICY

I understand that this office will file my insurance claim for me upon request and that any amount paid directly to this office by my insurance company will be credited to my account. However, I clearly understand and agree that I am personally responsible for paying fee's for service (regardless of my insurance coverage) and at any time it can be request that I pay all or part of the balance of my account.

I have read and understand the foregoing.
